

**SEBASTIANO  
DESSANAY ■**

# **NOISE**

for double bass, voice and live electronics

*Birmingham, August 2011, rev. May 2012*

## PERFORMANCE NOTES

*Noise* is a piece of music theatre and should be therefore played, spoken, acted and interpreted by the double bassist.

The words used in the piece are quotes from Patrick Süskind's *The Double Bass*, re-assembled in a specific sequence in order to obtain a new narrative.

*Noise* was premiered by the composer at the Integra Festival at the Royal Danish Academy of Music in Copenhagen on the 30th of September 2011.

*Noise* received a Honorable Mention from the International Society of Bassists (ISB) for the 2012 David Walter Composition Competition.

### DOUBLE BASS

The following tuning is used:

Scratch sound obtained with a very slow and short vertical bow stroke going towards the fingerboard

Scratch sound obtained with a very slow and short vertical bow stroke going towards the bridge

Scratch sound obtained with a very slow and short horizontal bow stroke

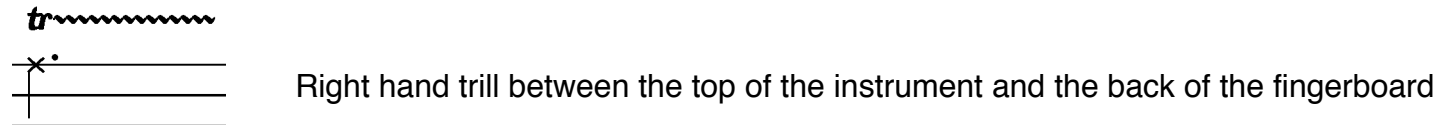

Normal tone gradually shifting to scratch sound

Left hand pizzicato

Percussive sounds:

### *ELECTRONICS*

The software used to produce the electronics was Logic 8.0 and Integra Live (<http://www.integralive.org/>). The electronics can be performed by the double bassist by means of a foot pedal that switches between the SCENES. Each SCENE contains a specific set of sound effects or samples as follows:

- SCENE 1: dry sound
- SCENE 2: short decay DELAY
- SCENE 3: DELAY OFF, light REVERB
- SCENE 4: short decay DELAY
- SCENE 5: DELAY OFF, REVERB (a bit more than before)
- SCENE 6: short decay DELAY
- SCENE 7: DELAY OFF, REVERB (a bit more than before)
- SCENE 8: dry sound
- SCENE 9: triggers SAMPLE 1 (a collage of 5 different scratch sounds in a loop) + REVERB
- SCENE 10: triggers a synthesized SINE TONE (pitch is F)
- SCENE 11: SAMPLE 1 OFF, short decay DELAY
- SCENE 12: DELAY OFF
- SCENE 13: triggers SAMPLE 2 (a collage of 5 different scratch sounds in a loop)
- SCENE 14: short decay DELAY, SAMPLE 2 fade out
- SCENE 15: gradual PITCH SHIFTER (reaches a fourth above at bar 62)
- SCENE 16: triggers a synthesized SINE TONE (pitch is F)
- SCENE 17: PITCH SHIFTER OFF
- SCENE 18: SINE TONE OFF
- SCENE 19: triggers SAMPLE 3 (a collage of 5 different scratch sounds in a loop)
- SCENE 20: SAMPLE 3 fade out
- SCENE 21: SAMPLE 3 OFF, gradually increasing REVERB + GRANULAR DELAY
- SCENE 22: SAMPLE 3 + GRANULAR DELAY OFF, light REVERB

The suggested left and right panning can be performed by a sound engineer (off stage).

For more details on the electronics and the samples please contact the composer at [seb@sebastianodessanay.com](mailto:seb@sebastianodessanay.com)

# NOISE

for double bass, voice and live electronics

Sebastiano Dessanay

Scordatura

Lento ♩ = 54

Score for the first system, measures 1-8. It features three staves: Voice (treble clef, 4/4), Double Bass (bass clef, 4/4), and Live Electronics (percussion clef, 4/4). The Double Bass part includes dynamic markings *p* and *mp*, and performance instructions such as "5 sec.", "3 sec.", and "mime playing by quietly articulating l.h. and crossing strings with bow". The Live Electronics staff has a box labeled "SCENE 1".

Score for the second system, measures 9-16. It features three staves: Voice (treble clef), Double Bass (bass clef), and Live Electronics (percussion clef). The Voice part includes lyrics: "Don't mind the grating", "it's like that", "A clean tone", and "Without the scratch of the bowing". The Double Bass part includes dynamic markings *p*, *pp*, *mf*, *p*, *mp*, and *mf*, and performance instructions like "nat." and "summoning". The Live Electronics staff has boxes labeled "SCENE 2" and "SCENE 3".
